

Front Cover photograph. Our happy band of Work Party members.

Darts

Now we are back to some sort of normality, Darts has started again with a fair turnout. For new members we run Darts every 2 weeks throughout the season.

With Bacon and Egg rolls and Coffee, to start us off, we shoot in two teams at 18 yards, onto a Darts faced Target. Scoring is as normal Darts. This is not only fun, but helps to hone your shooting skills.

During the game, there is usually a fair bit of banter going on in the background, (in good humour of course).

And of course there is always space for a more members to come along and join in.

To find out when the next session of Darts is taking place, please look on the Summer program, and you will find a D** against dates.

Please come along, we think you will enjoy the morning.

Work Party

A big thank you to the Members who came along on the Work Party Day. It was a very productive day, with the aim of sprucing up the range, ready for our first WA Weekend Competition. The lane to the field needed a trim, which was undertaken, and now is completely clear.

Also the bosses were in need of some maintenance, which now are repaired and restrung.

For a WA Competition, the field needed to be marked out to comply with the regulations.

Many other jobs were Addressed, ie, Painting, Bench repairs, cleaning and general maintenance.

Of course all this work, could not be achieved, without Vince and Irene, keeping us all, fed and watered.

Thank you.

There are more Images of the day on our new website. fobb.uk

Beginners

As you know, we have been able to run our Beginners courses again. Two more groups have now finished their training, and hopefully will join us. We would like to thank all Members involved with the courses, this is much appreciated.

A Message from Pete Hulme (Records Officer & Webmaster)

FoBB Digital Presence

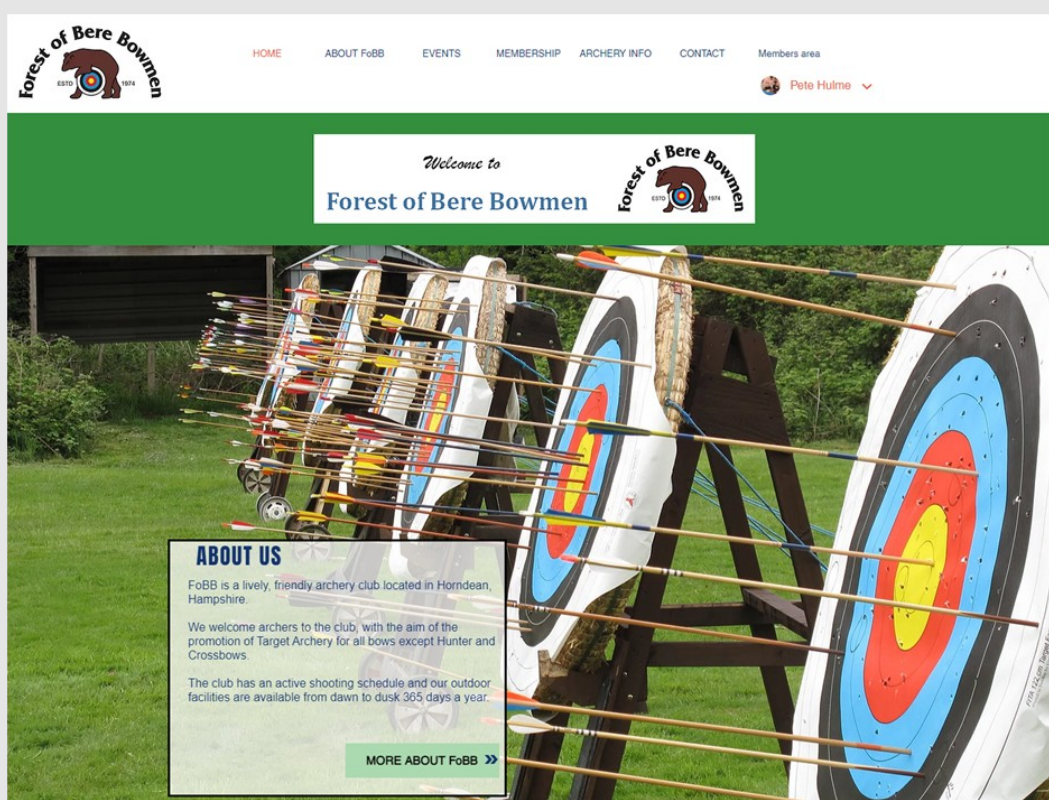

As those of you who have been on the FoBB website recently will have realised, we now have a new website that is a lot more 21st century in its design and operation. We've moved to a new hosting provider and updated the website so that it's more user friendly and also more device friendly on mobile phones and tablets, though you should still get a good experience viewing it from a PC or laptop. If you haven't seen the new website yet, please go and visit it at <https://www.fobb.uk/>

A lot of the content has been updated from the old website but if you think there are things that are missing, or if you have any material that you'd like to contribute to the website then your contributions would be very welcome!

The new website also has improved security, using HTTPS connectivity and we've moved away from the old model of having one username and password to access the members only area. To access this you can now register individually and, once approved and authorized, you'll have individual access to the members only content, including Club Records, Archer Handicaps, The 252 scheme, Meeting Minutes and the back issues of Bere Facts.

From the members area you'll also have access to the new online club records system, from where you can view all of the score records that you have with the club and where you can add any scores you achieve at away shoots. You'll also be able to view your handicap and classification achievements, both past and current. This is held in a separate system, linked to the core club records and updated regularly. You'll receive a separate invitation to connect to this system when you register as a member on the website.

We hope that you'll enjoy the new systems and that you'll feel able to contribute material to keep them lively and up to date. If you have any comments or suggestions, please email them to web@fobb.uk

252 Scheme

At FoBB we run the 252 shooting scheme. This is where a score of 252 is achieved at 30, 40, 50, 60 and 80 yards, with a total of 36 arrows.

This helps not only beginners, but more established Archers to hone their technique and skills.

When this score is achieved, you will be awarded a Certificate.

Well done to Jessie Robbins, (who is one of our newer members), for achieving Certificates for 30 and 40 yards.

There are many members presently trying for their certificates, and we wish them all good shooting.

FOR SALE

Win & Win Inno CXT L/H, Recurve riser

Riser has been used but still in fantastic condition.

Riser is 25" in length and left handed.

Riser comes with weights and a tool, clicker bar extension, Beiter clicker, arrow rest and manual
